**DETAILED ACTION**

***Priority***

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

***Allowable Subject Matter***

The following is an examiner's statement of reasons for allowance: Claims 1-6,10 and 13 have been rejected under 35 U.S.C. 102 (e) as being anticipated by U.S. 2003/0227781 to Mochizuki. The rejection is withdrawn because applicants submitted a certified English Translation of the Priority Application to perfect the claim to priority based upon Japanese Patent Application No. 2001-205416 which has an earlier filing date than Mochizuki. Further, Claim 1 has a vehicle lamp comprising first and second lamp chamber portions, first and second light sources, lens portion, first and second portions each forming a lamp chamber partitioned with casing and lens, wherein lens portion of first lamp chamber passes light forwardly or backwardly from a vehicle, at least part of second lamp chamber disposed within first lamp chamber and second lamp chamber portion overlapped with light source of first lamp chamber in substantially longitudinal direction. This combination of limitations is not found or taught in the art of record.

Claims 2-6, 10 and 13 depend from claim 1 and are allowable for the same reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
